

AmeriCares Haiti Projects and Spending, February 2011

Project Title	Project Description	Est. Start date	Est. End date	Budget	Partner Organization(s)	Location
Ongoing Medical Aid	Since the January 12, 2010 earthquake, AmeriCares has provided ongoing deliveries of emergency medicines and medical supplies to health care providers treating survivors and affected populations. AmeriCares delivered products valued at approximately \$40 million from January to December of 2010. The aid was distributed to over 90 health care facilities and over 200 volunteer medical teams traveling to Haiti to provide care.	01/13/2010	12/31/2015	\$517,000 *(shipping costs as of 1/31/11)	90+ hospitals and clinics plus 200 volunteer medical teams	Port au Prince; Petion Ville; Delmas; Fond des Blancs; Milot; Jeremie; Carrefour; Jacmel; Leogane; Tabarre; Croix des Bouquets; Canape Vert; Pierre Payen; Cite Soleil; Les Cayes; Nazon; Limbe; Miragoane; Fond Parisien; Cite Militaire
Cholera Response	AmeriCares is supporting the Ministry of Health, as well as health care institutions throughout Haiti, with donations of IV solutions, IV tubing, hygiene products and additional medicines and medical supplies to support the treatment and prevention of cholera, a deadly disease spread by contaminated water.	10/23/2010	12/31/2011	\$513,000 *(\$373,000 for shipping and \$140,000 for purchased products as of 1/31/11)	42 hospitals, clinics and NGOs throughout Haiti	Nationwide
Community Health Program for Cazeau Community in Haiti	AmeriCares is funding training for 10 community health workers through St. Francois de Sales Hospital who will regularly engage with residents and provide ongoing health education and conduct awareness campaigns on a variety of health issues. The health workers are working in the vicinity of the newly relocated hospital, expanding awareness of the new health services available in the area.	06/30/2010	08/01/2011	\$183,000	St. Francois de Sales Hospital	Cazeau
Reducing Infant and Maternal Mortality Through Emergency Ambulance Pre-Hospital Care	To increase rapid access to care and reduce infant and maternal mortality, AmeriCares is funding the purchase of a new ambulance and funding its operating and maintenance costs for one year.	09/15/2010	09/15/2011	\$85,916	Haitian Health Foundation	Jeremie
Malaria and Dengue Fever Control and Epidemic Preparedness and Response for Haiti	AmeriCares is procuring larvacide, insecticide and microscopes to support the control and management of Malaria and Dengue Fever in earthquake-affected regions.	03/01/2010	05/31/2011	\$110,000	MENTOR Initiative	1) Petionville and Kenscoff; 2) Carrefour; 3) Gressier; 4) Petit Goave, Grand Goave and Leogane; 4) Tabarre; 5) Cabaret and Croix de Bouquets; 6) Delmar; 7) Jacmel; and 8) Port au Prince.

AmeriCares Haiti Projects and Spending, February 2011

Procurement of Microscopes for Restoring and Improving Access at Clinics	AmeriCares is restoring and expanding medical laboratory capacity at facilities that were damaged and/or lost their equipment due to the earthquake by donating 30 microscopes.	06/01/2010	01/30/2011	\$34,450	Management Sciences for Health	St Michel de l'Attalaye; Marmelade; Maissade; Savanette; Abricots; Corail; Jeremie; L'Asile; Petit Trou de Nippes; Cap Haitien; L'Acul; Dondon; Mombin Crochu; Ste Suzanne; Ile de la Tortue; Baie de Henne; Port au Prince; ArcahaieCanape Vert; Croix des Bouquets; Cornillon; Carrefour; Les Anglais; Ile à Vache; Baint
Improving Access to Quality Diabetes Care Through Satellite Clinics	To reach out and expand treatment to those in need of diabetic and hypertensive medical care services, AmeriCares is funding three new satellite clinics for Fondation Hatienne de Diabete et de Maladies Cardio-Vasculaire.	06/01/2010	03/01/2011	\$75,250	Fondation Hatienne de Diabete et de Maladies Cardio-Vasculaire	Port-au-Prince
Adolescent Girls Initiative	AmeriCares and its fellow members of the Haiti Adolescent Girls Network are working to protect and empower adolescent girls in the wake of the earthquake in Haiti. To help girls ages 10 to18 navigate the volatile post-earthquake environment and charter a safe passage to adulthood, we created a program in July 2010 to build the social capital of this dynamic but vulnerable group. Through Girls Groups held in displacement camps and relocation sites, girls will gain access to education, health services, financial literacy, and counseling for gender-based violence and other traumas.	07/01/2010	11/01/2011	\$110,000	AmeriCares; Operation Hope; Earth Spark; Partners in Health (PIH); International Medical Corps (IMC); Population Council; International Planned Parenthood Federation (IPPF); Save the Children (Save); International Rescue Committee (IRC); UNFPA; Office of the UN Special Envoy to Haiti United Nations Foundation	Nationwide
Sponsoring World Diabetes Day Activities	AmeriCares sponsored awareness and training activities in support of World Diabetes Day.	11/01/2010	12/01/2010	\$8,570	Fondation Hatienne de Diabete et de Maladies Cardio-Vasculaire	Port-au-Prince
Emergency Operating Funds	AmeriCares provided the funding necessary to cover a shortfall in operating expenses after the Fondation Hatienne de Diabete et de Maladies Cardio-Vasculaire stopped charging fees and began providing free services to earthquake survivors.	03/01/2010	04/01/2010	\$21,000	Fondation Hatienne de Diabete et de Maladies Cardio-Vasculaire	Port-au-Prince

AmeriCares Haiti Projects and Spending, February 2011

Stengthening Hospital Medical Technology -- Assessment	AmeriCares conducted an initial assessment at four hospitals in Port-au-Prince with a team from Engineering World Health to determine the need for assistance in the bio-medical engineering field. Activities during the assessment included repairing broken/damaged equipment and reviewing each institution's equipment inventory and maintenance capacity.	03/01/2010	04/30/2010	\$6,500	Engineering World Health	Port-au-Prince
Health Referral and Assisted Returns Program	AmeriCares funded transportation for the most vulnerable earthquake survivors including pregnant women, children, the elderly, the disabled and those with special needs and their families after they were discharged from medical facilities.	04/01/2010	08/01/2010	\$70,500	IOM	Port-au-Prince
Expanding Medical Capacity in Haiti: HUEH, PAP	AmeriCares sponsored 110 medical professionals working at the General Hospital in Port-au-Prince. The medical personnel worked in the Emergency Room and ICU. This staffing support helped the General Hospital address the increased patient load following the earthquake.	03/01/2010	06/30/2010	\$150,000	IMC	Port-au-Prince
Prosthetics Grant	Provide custom-designed and fitted prosthetics for 10 patients (10 prosthetics).	07/01/2010	01/30/2011	\$5,000	Hopital Sacre Coeur	Milot
Emergency Procurement of Nutritionals	AmeriCares delivered emergency shipments of infant formula to alleviate a shortage.	02/01/2010	04/01/2010	\$275,312	Nutrition Cluster - 8+ NGOs implementing feeding programs	Port-au-Prince; Jacmel; Leogane
Transitional Field Hospital	AmeriCares delivered a semi-permanent field hospital to be used primarily as operating and recovery rooms for St. Francois de Sales Hospital while it is rebuilt.	04/01/2010	01/30/2011	\$345,921	Catholic Relief Services; St. Francois de Sales Hospital	Cazeau
